

# Irrigation Solenoid Valve 12V DC Latching – 1" Female Inlet – 1" Female Outlet – 100LPM

Inlet – 1" BSP Female thread (AS 1722)  
Outlet – 1" BSP Female thread (AS 1722)

## Technical Specification

Operating Pressure Range – 20Kpa to 1250Kpa  
Power Consumption – 8VA  
Frequency – 50Hz  
Flow – 100LPM  
Voltage – 12VDC Latching  
Lead Length – 200mm  
Valve Type – Normally Closed  
Temperature Range – 2°C – 60°C (Ambient), 2°C – 80°C (Media)

## Material

Body – 30%Glass Filled Nylon  
Coil Encapsulation – 30%Glass Filled Nylon  
Diaphragm – Natural Nitrile Elastomer  
Disk Diaphragm – Acetal  
Filter – Acetal  
Application Area – Liquid, Gas & Light Oil  
Made in Australia  
WaterMark Approved and Compliant with ATS 5200.030
